Flat older area of the city with a mix of soviet architecture makes location great for very fast sprint courses. There are a couple of more busy streets that can be crossed only on marked spots. Short running apparel and road racing shoes recommended.

MTB-O. A separate start and finish location for MTB-O race on the 1st day. Part of urbanized area (district of Žvėrynas) and nearby forest will be used for bike race. Fast in the urban part and very hilly terrain requiring good terrain reading for route choices in forest part. Whole set of skills will be necessary for good result.
